# Standing Order Form

Your discount is paid directly into your bank account from Aerial Direct. To do this we simply need to set up the standing order to your nominated account to start the monthly payments.

As we don't have access to your account information (you may want your discount to be paid into a different account than the one your O2 Direct Debit is set up with), all you need to do is send us the details of the account you would like the discount paid to.

Please fill in the information below the dotted line and return this form to us using the FREEPOST address below. If you prefer, you can email the completed form to [customer.services@aerial-direct.co.uk](mailto:customer.services@aerial-direct.co.uk), or the quickest option is to call our Customer Services department on **01329 558 558** and provide the details over the phone to one of our helpful advisors.

Once we have received your details the discount will be activated and paid into your bank account each month. The first payment will be within **30 days** of the account details being provided, and will continue for the agreed duration of your contract.

Kind Regards,  
Aerial Direct
